

“Dig Pink in Tukee”

Monday, October 24, 2016
Mountain Pointe High School Large Gym
4:00 p.m. to 8:00 p.m.

“Dig Pink” is a volleyball event supported by more than 2,000 college and high school teams who are committed to supporting the goals of Side-Out Foundation. The name “Side-Out” underscores the purpose of the organization. A “side-out” in volleyball occurs when one team wins a point while its opponent is serving, thereby regaining serve or control of play. Likewise in the war against breast cancer, the Side-Out Foundation supports healthcare professionals in their pursuit of practical solutions for women and men with this disease thus enabling those affected to regain control of their lives and living them to the fullest. The Side-Out Foundation is a 501 (c) 3 Non Profit, #20-2510044.

Please join the Desert Vista Thunder and Mountain Pointe Pride Girls Volleyball teams as they raise funds to support this worthwhile cause. Efforts from both schools in the past eight years have placed them top in the nation in fundraising.
